DEAR FRIENDS AND SUPPORTERS

Re: Vietnamese Cultural Centre - WA

Dear Sir / Madam,

The Vietnamese Community in WA is running a project building a Cultural Centre, the first of its kind in our 45 years of settlement. The land of 13,000m² has been awarded to us right in the epicentre of the Vietnamese hub in Girrawheen. This is the government's vision on how Vietnamese Community may influence or shape the future of this region.

This centre would provide younger generations of Vietnamese background with a venue to refer to their root culture and its values, adding colour to Australian multiculturalism.

In addition to fundraising, we are asking for regular donations from the public via the 10 cents recycle scheme.

The recyclable materials can be cashed at any collection centre, just simply asked for the donation to be deposited into our scheme number **C10282246**.

If this is too inconvenient then please call us on **0402 180 161**, we will come to you for collection.

Your kind donation will help to turn our dream into reality.

Much appreciated
With kindest regards,

Dr Anh Nguyen MD MBBS
President of WA Chapter
Vietnamese Community in Australia
